Dynamiting On Dix River.

A man who lives near the mouth of Dix River has reported that within the last few days two separate squads of dynamiters have been seen about two miles from High Bridge and had violated the fish law. He said also that great quantities of dead fish of various sizes and varieties were floating down the river last week, and that all the rivermen knew about it. He declared that four men, who said they came from Lexington, had hired a boat and went up Dix River; and that night the roar of dynamite explosions was heard by people who lived along the river. No one knows where the other party came from nor how they were able to get up the river, which was only made known by dynamite explosions in the night and the swarms of dead fish on the surface of the river next day. All the river bottoms' residents, having realized the efficacy of the fish law by their catches this spring, were greatly opposed to dynamiting and netting.

Pilot Baptist Church Dedication.

The dedicatory ceremonies of Pilot Baptist church four miles south of Harrodsburg will be held next Sunday. The services will be held through the day. Much interest is being manifested by the good people in that section of the county and a large attendance is looked for. All are invited to attend and bring dinner. Rev. W. D. Powell, State Secretary of the Baptists, will preach the dedicatory sermon which guarantees that it will be a good one, for Dr. Powell is one of the most gifted ministers of the denomination in the south.

Big Time At Elkhart Springs.

The race of Saturday evening at Elkhart Springs, Ind., was a good one. The crowd at the opening picnic at Elkhart Springs, but those who went had a good time. The skating rink was the scene of much enjoyment and the antics cut by the many beginners brought much laughter from the spectators. At night some 200 or 300 people gathered to attend the rink and dance. Francis Weatherford and Ed Brady, of this city, furnished music for the dance and James Cooper played the role of dancing master to the satisfaction of the many who tripped the light fantastic.

Memorial Services at Ephesus.

There will be memorial services at Ephesus Baptist church, between Crab Orchard and Ottemheim on the fifth Sunday in this month, commencing at 9:30 A. M. Everybody invited to attend. We are promised a good choir to give song services and will have an elaborate program. Hope to make it a great day for God.

MAY TERM CIRCUIT COURT STARTS MONDAY

Judge Hardin Throws Out Indictments In Hustonville Election Cases—Jurors Empanelled

The May term of Lincoln circuit court began here Monday and will continue through three weeks. A number of important cases are on the docket and a busy session is assured. Empaneling of the grand and petit juries occupied the attention of Judge Hardin on Monday, and after he had delivered his charge, court was adjourned for the day and most of the officials and lawyers went to Lancaster where county court was on tap.

The juries are composed of the following well known citizens:
Grand Jury—N. H. Bishop, foreman, J. C. Florence, S. J. Embury, Jr., Sherman Coy, J. B. Jones, G. T. Gooch, M. V. Keeton, J. F. Holman, E. V. Ballard, L. Beck, J. T. Roberts and W. J. Kany.

Petit Jury—Wilson Alexander, B. F. McMullin, R. E. Gaines, John L. Beck, Jay Howenstein, A. A. McRoberts, O. P. Huffman, W. D. Walls, E. V. Carson, W. F. Dishon, M. F. Lawrence, J. W. Holtzclaw, G. M. Smith, J. M. Carter, Tom Gooch, W. H. Pepples, W. M. Mosier, S. P. Shoop, M. T. Morgan, Owsley Dunn, J. C. Livingston, Hayden McMullin, A. C. Sine, and Charles McGuffey.

Two judgments were taken on the first day of court, one against John Washington, for \$10 each and small offenses.

On Tuesday Judge Hardin took up the indictments against E. V. Carson and T. J. Bell, of Hustonville, who were charged with preventing legal voters from participating in the last democratic senatorial primary. About 30 or 40 democrats were present from voting at certain election. Attorneys E. S. Alcorn and George D. Florence, of Stanford and Charles F. Montgomery, of Liberty, appeared for the defendants. County Attorney W. S. Burch declined to assist in prosecution of the case, stating to the court that previous to the election he had advised with certain election officers in regard to this very matter—not these defendants, however—and according to the way he construed the law, he did not believe they had committed any offense.

Attorneys for the defendants filed a demurrer to the petitions, alleging that the indictments were defective in that they did not set forth that the officers of election had knowingly violated the law in refusing to permit certain men to vote. They cited authorities to show that the courts have held that such an offense must have been knowingly committed, and be set forth in the indictment.

Commonwealth's Attorney Puryear met with argument with the declaration that the indictment set forth that the officers of election mentioned had "corruptly" performed the acts complained of, and that it was impossible to do an act corruptly without it carrying knowledge with it and that the failure of the indictment to state that the defendants acted knowingly done, did not invalidate it for the reason that such an act performed corruptly could be construed in no other way than having been done with full knowledge of the circumstances.

Judge Hardin held that there must be set out in the indictment that the facts set up in the indictment would constitute the voter a legal voter, must have been alleged to have been known to the defendant by a direct allegation as had been held in principle in many cases by the Court of Appeals and that was compelled under the law so to hold.

It is understood that the matter will be carried to the Court of Appeals for a final construction of the points involved.

Harrodsburg Gets Revenge.

The Harrodsburg team turned the tables on Stanford here Monday afternoon and got revenge for the victory of the local lads there last week when the score was 8 to 2. The Mercer boys defeated Stanford here, 5 to 2, thus making the standing of games even, and the tie will be played off at Harrodsburg next week.

Bank Stock Sells Well.

BURGLARS AT MCKINNEY

Attempt Made To Blow Safe At McKinney Roller Mills

Burglars made an unsuccessful effort to rob the McKinney Roller Mills at McKinney Sunday night. In some way they must have gotten into the mill, however, for after demolishing the combination of the big safe, their efforts seemed to have stopped, and entrance was not effected to the safe. Had they been able to accomplish their purpose, however, their efforts would have been fruitless, for the only thing of value contained therein was a bunch of checks, which they would probably have been unable to cash or realize upon. There was no money in the safe at the time, Manager Bradshaw is glad to report. He was compelled to a maining to open the safe, and it required considerable work to do it, as the effort to blow the combination had badly sprung it. The marauders left no clew, so far as known to their identity.

A Call From Taylor County.

W. H. Lair, who was here from Hustonville this morning, told a L. J. man that he had a call last week from a Taylor county party for his bloodhounds. A merchant at Finley called him up and asked that his dogs be brought there to trace parties who had broken into his store and stolen a lot of groceries. Mr. Lair sent them down in charge of Mack Sutton. The dog sleuths trailed nicely to where there were a lot of horse tracks but there lost out. It is supposed that the scamps had gotten on their horses there and struck out. Mr. Lair is getting numerous calls from dog owners in many instances they are doing good work.

Double Wedding At Columbia.

LATEST WAR NEWS.

Italy, the eleventh nation to enter the world war, has thrown down the gauntlet of battle to Austria. The Austrian and Italian troops, in vast numbers, are arrayed against each other along the mountainous frontier. Most of Austria's warships are at Pola, the great Austrian naval port in the Adriatic. The Italian fleet, powerful in dreadnaughts, put to sea from Spezia weeks ago under command of Duke of the Abruzzi, a cousin of King Victor Emmanuel, and its whereabouts is not at present known. The official proclamation signed by the King fixed May 24 as the commencement of the war, but almost immediately the Italian Ambassador at Vienna presented the Austrian Foreign Office with the formal declaration and shortly afterward Germany instructed her Ambassador at Rome, Prince Von Buelow, to leave the Italian capital with the Austro-Hungarian Ambassador, Baron von Macchio. In an official statement issued at Berlin the German Government says by this attack against the dual monarchy Italy also has broken the alliance with Germany, and adds that the loyal relationship existing between Austria-Hungary and the German Empire remains unimpaired.

An attack by Austrian warships on the eastern coast of Italy, along the Adriatic, is announced in an official communication from the Italian war office, transmitted to Paris by the correspondent of the Havas Agency. It is said the Austrian warships were forced to withdraw after a short cannonade.

According to a Bucharest dispatch the Russian armored man-of-war Wintelemon has sunk with 1,400 men in the Black Sea.

Another German aeroplane of the Taube type flew over the northern suburb of Paris this morning and in its flight dropped several bombs. No person was injured by these projectiles.

Official announcement was made that Austrian aeroplanes were driven off Porto Corsini, Ancona, Barietta and also were attacked.

Congressman Helm on Dixie Highway.

Referring to the result of the Dixie Highway Commission meeting, Mr. Helm declined to comment upon what the Chattanooga papers call a "straddle," and what one delegate dubbed the "pretzel route." He would only say that in his observation all such big movements as that for the Dixie highway are bound to be made for the Dixie highway, usually and finally culminate in an appeal to Congress for Federal aid, and it might be that Congress would not want to appropriate for a "two-way" route, and it might be, under such circumstances, that a commission would be appointed. Mr. Helm added that if it did come down to Congressional aid, the number of his committee room was 152 and the number of the room of the Committee on Roads was 153.

Mustard Grew From "Flower" Seed.

If women could vote in Congressional races, we predict that Mrs. A. Lee Rankin would not stamp her stenciled opposite the name of Hon. Harvey Helm, but would offer for that office again. Our Congressman remembered Mrs. Rankin with some "flower" seed and she so greatly appreciated the remembrance that she took unusual precaution in planting and caring for them. In due time the seeds came up in fine style by the thought she would have some rare flowers for graduating time, but to her surprise she found she had a beautiful growth of mustard in the place she expected to have geraniums and other such flowers. Imagine her disappointment.

New Farm Catalogue Out.

Guinn & Thompson, a hustling real estate firm of Waynesburg, have been handling and selling so many Lincoln, Pulaski and Casey counties farms that they have been compelled to issue another farm catalogue which has just been turned out in fine style by the Interior Journal job printing department. It contains a list of over half a hundred attractive central Kentucky farm bargains, and the firm is sending them out to a large number of patrons and prospective buyers. These fellows are hustler and know good property when they see it and are making some attractive bargains.

An All-Round Success.

The opening held by the firm of M. C. Williams & Sons Saturday in their new quarters was successful in every way, and during the day over two thousand people called and admired the newly fitted business house of this popular firm. Flowers and other tokens were given the visitors, and the children were not forgotten by the hosts. Mrs. M. C. Williams and Mrs. R. G. Williams, Jr., with Miss Lena McClure assisted in the reception.—Somerset Herald.

"I have used Chamberlain's Tablets off and on for the past six years whenever my liver shows signs of being in a disordered condition. They have always acted quickly and given me the desired relief," writes Mrs. F. H. Trubus, Springfield, N. Y. For sale by all dealers.

Whoooping Cough.

"About a year ago my three boys had whooping cough and I found Chamberlain's Cough Remedy the only one that would relieve their coughing and whooping spells. I continued this treatment and was surprised to find that it cured the disease in a very short time," writes Mrs. Archie Dalrymple, Crooksville, Ohio. For sale by all dealers.

LINCOLN COUNTY LOSES THE DIXIE HIGHWAY

Eastern Loop Routed Around Over Rough Mountain Roads Via Berea and Richmond.

Notwithstanding the most valiant efforts of Congressman Harvey Helm and Dr. W. W. Burgin, Lincoln county lost the routing of the Dixie Highway. Two routes were finally selected at the meeting of the Commissioners at Chattanooga last Saturday and because one of the Kentucky Commissioners, Hon. Harry B. Hanger, lives at Richmond, the eastern loop was routed through Richmond, thence on to Knoxville over the Boone way, thence to a point striking the Boone way somewhere in Rockcastle county. Travelers coming up from Knoxville over the eastern route of the Dixie, however, will be apt to come on to Stanford and on through the Blue Grass this way rather than risk the rough mountain roads around Berea and that part of Madison county. A dispatch from Chattanooga last night of the routing as decided upon by the Commissioners:

Chattanooga, Tenn., May 22.—Both Louisville and Cincinnati will be on the Dixie highway from the lakes to the gulf. The 14 Commissioners selecting the route decided here today to designate a West Dixie highway and an East Dixie highway between Chattanooga and Indianapolis. "The northern terminus of the highway is placed at Chicago, the east and west routes being joined at Indianapolis. Louisville is placed on the west route, while Cincinnati will be on the east route."

Official designations of both routes of the Dixie highway are as follows: West Route—Chicago, Moline, Wataskia, Hopestown, Shawsville, Illinois; Covington, Crawfordville, Indianapolis, Martinsville, Bloomington, Redford and Paoli, in Indiana; Louisville, West Point, Elizabethtown, Cave City, Bowling Green and Russellville, in Kentucky; Springfield, Nashville, in Tennessee; Knoxville, Seawance, Monteagle and Chattanooga in Tennessee; Lafayette, Jonesboro, Summerville, Rome, Cartersville, Atlanta, Griffin, Barnesville, Macon, Aemius, Albany and Thomasville, in Georgia; and Tallahassee, Live Oak, Lake City, Jacksonville, Daytona, Palm Beach and Miami, in Florida.

East Route, Joining West Route at Indianapolis—Richmond, in Indiana; Dayton and Cincinnati, in Ohio; Covington, Williamstown, Georgetown, Lexington, Richmond and Cumberland Gap, in Kentucky; Knoxville, Rockwood, Dayton and Chattanooga in Tennessee; Dalton, Calhoun, Atlanta, McDough, Jackson and Macon, in Georgia.

The proposition of selecting an East and West highway, which the commission explained will be of equal importance and standing as proposed by Commissioner W. T. Anderson, of Georgia, and seconded by Commissioners Thomas Taggart, of Indiana and George G. Harris, of Ohio.

Selection of the East route, Macon to Jacksonville, was deferred and two Georgia Commissioners were instructed to investigate the various competing roads and submit a recommendation within 90 days.

A plan was adopted late today looking toward connecting up the North portion of the two highways with a road along the eastern and western shores of Lake Michigan, from South Bend, Ind., to Mackinaw, Mich., and connecting the South portion with a road from Miami along the west coast of Florida, thus making a continuing loop of the highway.

This scheme was suggested by Commissioner Carl G. Fisher, of Indiana, who proposed extending the road from Chicago to South Bend, Ind., thence north to Mackinaw and south via Bay City to Detroit.

The commission voted to invite Michigan into the association to provide the lake loop and pledge itself to extend the East route from Dayton, Ohio, north through Toledo to Detroit. The Florida Commissioners were authorized to investigate extensions from Miami up the west coast joining the highway between Tallahassee and Jacksonville.

Before adjournment of the executive session tonight the Dixie Highway Association adopted a charter, perfected a permanent organization of 21 Directors, comprising the 14 Commissioners and the seven original incorporators. A resolution was adopted providing that the various links must be completed within a year.

The association reserved the right in its resolution to relocate and portion of the highway where a county or municipality, through which it was designed to pass, failed to complete its link within the year allowed.

Officers were elected as follows: President, C. E. James, Chattanooga; Vice President, Tennessee, M. M. Allison; Ohio, H. L. Gordon; Indiana, Thomas Taggart; Georgia, W. T. Anderson; Florida, G. W. Saxon; Kentucky, H. B. Hanger; Illinois, Richard J. Finnegan; Secretary-Treasurer, W. R. Long, Chattanooga; Executive Committee, the President and Secretary and Carl G. Fisher, of Indianapolis; Richard Hardy, Chattanooga and Clark Howell, Atlanta.
